

## RECENT STRONG ISSUES DECLINE DURING SESSION

### Abandonment of Bull Operations and -Profit Taking Cause General Reaction

NEW YORK, Sept. 16.—Lack of effective buying power and abandonment of bull operations by speculative interests, combined with week-end profit-taking and extensive short selling, caused a general reaction in today's brief stock market session. The decline in some of the recent strong issues confirmed the belief of bear interests that they had been pushed too far out of line, although the selling proceeded in an orderly manner.

The largest variations were afforded by so-called specialties, losses of 2 points or more being registered by American Ice, American Beet Sugar, Adams Express, American Tobacco "B", North American Pressed Steel Car preferred and Willys-Overland. On the other hand, Air Reduction, Postum Cereal and New York Air Brake were pushed up to new high records.

Developments in the Near East were watched closely by financial interests but had little visible effect either on stock or bond prices or the foreign exchanges. New York Central railroad shares responded only feebly to the announcement that the road reached an agreement with the conductors' and trainmen's brotherhoods.

Equipment issues plainly showed the effects of realizing sales, Pullman declining 1 1/2, Baldwin a point and others fractionally. Mexico Petroleum moved to higher ground but a reactionary tendency was noted among some of the other oils, particularly in General Asphalt which was down nearly 2 points, and some of the domestic issues.

Total sales were 446,000 shares. The foreign exchanges continued to lose ground.

The clearing house statement showed an increase of \$13,710,000.

#### Copper Holds Steady

NEW YORK, Sept. 16.—While no important buying movement has developed copper has held generally steady during the week, with sellers showing confidence because of the firm statistical position and improving transportation and fuel prospects. Quotations for electrolytic today held at the 14 cent level. Iron was firm.

#### Metal Market

NEW YORK, Sept. 16.—Foreign bar silver, \$69 3/4.

#### Liberty Bonds

NEW YORK, Sept. 16.—Liberty bonds closed: 3 1/2's \$101.24; 1st 4's \$100.70; 1st 4 1/2's \$100.58; 2nd 4 1/2's

### Ford Shut-Down May Affect Local Supply

P. C. Bledsoe, local Ford dealer, announces that Monday will see the arrival of 21 cars and that, owing to the likelihood of the shut-down of the Ford plants at Detroit, future deliveries of this popular car are, to say the least, uncertain.

In all probabilities, this shipment of 21 cars will be the last received in Bisbee until the Ford factories start production again.

Bombs dropped in London from aircraft during the war averaged less than 100 pounds in weight.

### Civil War's Last Battle Is Fought by Old Politicians

WASHINGTON, Sept. 16.—The last battle of the Civil War is now being fought in Toledo, Ohio.

Unless General Isaac T. Sherwood wins—

The last Union soldier will probably have gone forever from Washington's Capitol Hill, leaving it in the proud possession of a lone Confederate major.

For sixteen years, fourteen of them consecutively, General Sherwood had served in Congress. When he was swept out of office in the Republican landslide of 1920, he decided to retire.

But his friends wanted him to run again. There still is a southern soldier in the House—Major Charles M. Stedman, 81, of Greenboro, N. C.

So General Sherwood decided to pitch in again. He was nominated by the Democratic party in Ohio without any opposition.

Although nearly 88, the Union soldier says he feels better now than he did in 1906 when he staged his first come-back. He intends to do more than "shake hands and stage a sentimental contest."

He will go on the stump. Heckled recently by some one taking him with being too old to run, he replied:

"Is that so?"

"Most of my opponents in other campaigns are dead. I am now 87. Lorin S. Gates, of the American mission, was murdered at Bijapur on September 6th. The police arrested a Mohammedan charged with the crime.

Mr. Gates was 77 years old and has been for 47 years with the American mission at Sholapur.

He took 34 pounds off one woman; 26 off another. Come in and make me prove it.

H. C. Zierath, D. M. T.

Eagle Building, Upstairs Phone 480

### APPOINT RECEIVER TO BIG LEDGE COMPANY

PRESCOTT, Sept. 16.—W. W. Lytzen, superintendent of the Big Ledge Mining company, has been appointed receiver for the company by Judge Richard Lamson. He qualified yesterday.

The receivership is the result of a friendly suit filed by The Arizona Power company alleging that the Big Ledge company is insolvent and asking for a receivership. The object of the suit was to conserve the resources of the mining company, it was stated in the complaint.

### Pacific Army Flier Slain During Flight

SAN DIEGO, Calif., Sept. 15.—Ensign Jack H. Shafer of the Pacific fleet air forces was killed today near here while making a flight from North Island to Los Angeles with two other aviators in combat planes. The engine on Shafer's plane failed and he attempted a forced landing. The plane struck high tension wires and Shafer was thrown to the ground. He died before he could be taken to a hospital. His home was in Los Angeles.

#### MISSIONARY MURDERED

BOMBAY, British India, Sept. 15.—(By The Associated Press.)—The Rev. Lorin S. Gates, of the American mission, was murdered at Bijapur on September 6th. The police arrested a Mohammedan charged with the crime.

Mr. Gates was 77 years old and has been for 47 years with the American mission at Sholapur.

#### TO HAVE LANDING FIELD

NEW ORLEANS, Sept. 16.—New Orleans is to have a safety landing field for aviators who fly at the American Legion national convention here October 16-20, legion officials announced.

#### STAGE DEMONSTRATION

BLUE RIDGE, N. C., Sept. 16.—Boy Scout leaders of the United States, Great Britain and France joined in a mere.

national and international demonstration here Thursday designed to show that there are no racial or national barriers in the Boy Scout movement.

#### MORE PROTECTION

Radio at the lighthouses along our coasts has increased the service from the keepers of these beacons and improved their living conditions, says a report of the Department of Commerce.

## "Is the Product Right?"

It is a maxim of advertising that a poor product cannot be successfully advertised. It may flash upon the scene with brilliance, become the talk of the hour, and to all appearances be destined to set new records, but unless it is and does what is claimed for it, no amount of printer's ink and artist's colors can give it permanence.

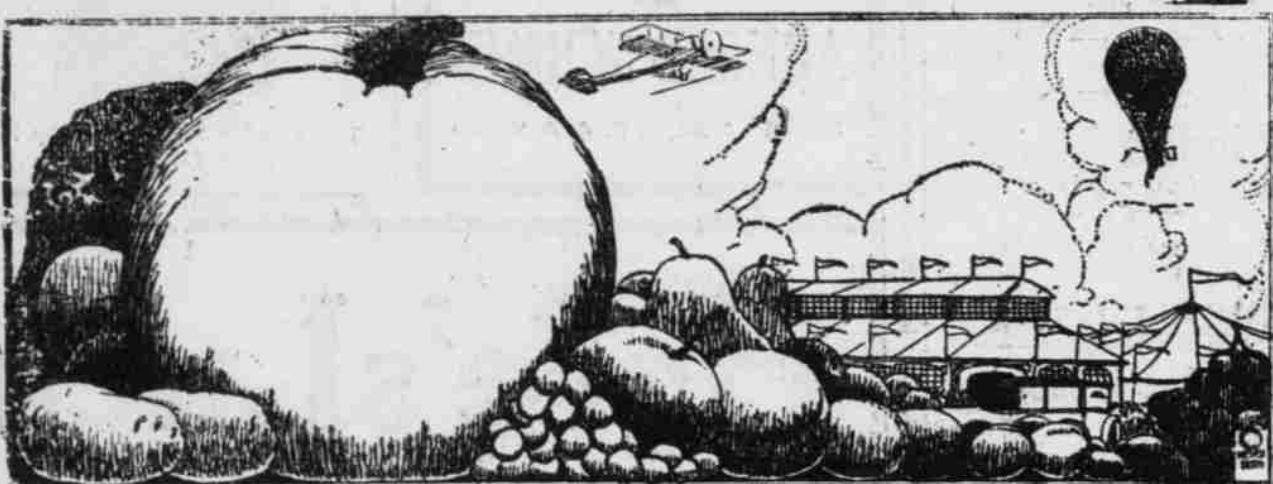

Once in a while some article of merchandise will appear to defy this rule, but not for long. Public response, at first, perhaps, quick and active, becomes slower and slower. Sales fall off. The business

grows sick, and in a few months or a few years, the very name of the product is forgotten.

Advertising men know this so well that today the first question upon which they must be satisfied before they will recommend advertising to any manufacturer is—Is the product right?

And merchandise that is right—merchandise that will satisfy in service—merchandise that will bring customers back for another purchase is the first requirement of the jobber and retailer who expect to endure and flourish.
